

**Vicki Dello Joio** is an extraordinary storyteller, stage performer and presentation skills coach who transforms ordinary speakers into captivating powerhouses. Drawing on decades of experience as both a theater performer/director as well as a Hall of Fame Master Teacher of Qi (energy) arts, Vicki's distinctive and integrative methods have inspired hundreds of speakers to stand and deliver with joy, confidence and ease.

Vicki teaches an out-of-the-box method for showing up and owning the message that turns traditional templated methods inside out to effect big results. Maverick messengers really identify with Vicki's signature approach.

Since 1987, Vicki's track record of coaching top performers, including high stakes presentations — from Supreme Court arguments to critically acclaimed solo shows to Top Speaker awards in competitions to International Keynotes - proves her unique approach breaks through any "same old" conventional storytelling template to ensure the true power of their message is delivered through unforgettable and groundbreaking presentations.

## “The Energy You Bring Matters Most”

Who you are “being” and the energy you bring to the stage matter more than the words that come out of your mouth. It is where your mastery and passion intersect and reside.

I am looking to connect with leaders who want to bring this out even more boldly (*than they've been able to achieve so far*) so that their clients can receive the profound transformation offered sooner rather than later.
